

Concept Note

Title: Round Table Conference on Agricultural Innovations and Carbon Market Opportunities

Date: 3rd February, 2025

Time: 3:00 PM – 6:30 PM

Venue: Agriculture Information Service (AIS) Conference Room, Khamar Bari, Dhaka

Background:

Agriculture is at the forefront of addressing global challenges such as food security, climate change, and sustainable development. Innovations in agriculture, particularly in rice and wheat cultivation and agro farming can play a pivotal role in improving productivity and sustainability while contributing to carbon sequestration and reducing greenhouse gas emissions. The carbon market offers immense opportunities to integrate agricultural practices with climate-resilient strategies, benefiting both farmers and entrepreneurs.

Renowned scientist Dr. Abed Chaudhury has made significant contributions to agricultural innovations, offering sustainable solutions for cultivation and farming practices. His expertise and inventions provide an excellent foundation for exploring how agriculture can align with carbon market opportunities.

To facilitate this discussion, the eSheBee Enterprises is organizing a round table conference, bringing together key stakeholders.

Objective:

The conference aims to:

1. Highlight innovations in agriculture and farming, with a focus on the work of Mr. Abed Chaudhury.
2. Explore opportunities for linking sustainable agricultural and farming practices to carbon markets.
3. Share experiences and insights from key stakeholders on agricultural resilience and carbon offset initiatives.
4. Develop actionable strategies for fostering entrepreneurship and innovation in agriculture and climate action.

Key Topics of Discussion:

- Innovations in rice, wheat cultivation and farming for sustainable agriculture.
- Potential of carbon sequestration in agricultural practices.
- Stakeholder experiences in promoting climate-resilient agriculture and forestry.
- Strategies for engaging entrepreneurs in the carbon market.

**Participants:**

The round table conference will include:

- Scientist Abed Chaudhury as the keynote speaker.
- Representatives from the stakeholders
- Entrepreneurs from the eSheBee Associates Network.
- Climate and agricultural experts.
- Carbon market practitioners

Expected Outcomes

1. Identification of key agricultural practices that align with carbon market objectives.
2. A roadmap for integrating innovation and entrepreneurship in sustainable agriculture.
3. Strengthened collaboration between stakeholders to enhance climate-resilient practices.

We look forward to your valuable participation in this important discussion to shape the future of agriculture and its role in climate action.

Program Schedule

Round Table Conference on Agricultural Innovations and Carbon Market Opportunities

Date: 3rd February, 2025

Venue: AIS Conference Room, Khamar Bari, Dhaka

Time: 3:00 PM – 6:00 PM

Tentative Agenda

- 2:45 PM – 3:15 PM Registration and Welcome Refreshments
- 3:15 PM – 3:30 PM Opening Session
- Welcome Speech: Mohammad Mosharrof Hossain, Founder & CEO, eSheBee Enterprises
 - Introduction of Participants
- 3:30 PM – 4:15 PM Keynote Presentation and Discussion
Speaker: Scientist Abed Chaudhury
Focus: Agricultural Innovations, Sustainable Cultivation & Farming Practices, and Carbon Market Opportunities
Interactive Q&A Session
- 4:15 PM – 5:00 PM Session 1: Stakeholder Experiences
Panelists: Representatives from the stakeholders
Topics:
Success Stories in Agriculture and Climate-Resilient Practices
Perspectives on Carbon Sequestration and Offsetting
Moderated Discussion
- 5:00 PM – 5:45 PM Session 2: Collaborative Strategies for Innovation and Carbon Markets and Take away.
- 5:45 PM – 6:30 PM Networking Session with Light Refreshments
Photo Session
